Biography

Dr. Hobart E. Freeman was a businessman in St. Petersburg, Florida, for a number of years until his conversion to Christ in 1952. Called into the ministry shortly thereafter, he was educated at Georgetown College and the Southern Baptist Theological Seminary, completing his studies at Grace Theological Seminary, where he taught Old Testament, Hebrew, Philosophy, and Ethics before assuming his ministry as pastor, author, Bible teacher and conference speaker. During his lifetime, Dr. Freeman traveled extensively teaching an end-time message of Faith, Deliverance and the Deeper Life in the Spirit.

There are four ways of obtaining these messages:

1. **Audio CD:** Playable in any audio CD player and computers with a CD/DVD drive and sound card. Audio CDs only hold one message per disc. Packaged in a clamshell case, CD face label only.
2. **MP3 CD:** Playable in any CD or DVD player that can read MP3 format. A MP3 CD typically holds a maximum of around 20 messages (depending on the length of message). Packaged in a clamshell case, CD face label only. Larger orders packaged in a slim jewel case, CD face and case insert.
3. **MP3 DVD:** Same packaging as an MP3 CD, but a DVD can hold more messages and requires a DVD player. Ideal where a series is too large to fit on one CD.
4. **Flash Drive / SD Drive:** We can supply audio messages on either a flash drive or an SD drive. However the price of these varies depending on the size of the files and the size of the flash / SD drive. Small orders may not be cost effective for a customer but we can provide a price upon request.

If placing an order by email, please put the subject heading "VEM ORDER" – this will prevent our spam filter blocking your order.

IMPORTANT: When sending your order don't forget

1. To specify which type of media you require: Audio CD, Mp3 CD, Mp3 DVD, Flash Drive, SD Drive
2. To PRINT your name and address (some forget altogether!)
