A Short History of Faithful Word Assembly

FWA began in 1981, initially meeting in a second story storefront in Chalmette, New Orleans, Louisiana. After one year, the congregation rented a church building in Arabi. As the Assembly continued to grow they moved to other buildings in the New Orleans area and they purchased their current building in 2004.

In 2005 New Orleans was hit by Hurricane Katrina. Many members of the church had their homes flooded and the Assembly building was flooded. After they were allowed to return to the area, the church rebuilt and continued.

Dr. Russell Tardo is the founding pastor of the church and the church has had no other pastor since its inception in 1981. Thus, the church has over a 30-year history.

Faithful Word Assembly is a single and distinct organization. It is not held, governed, controlled, subsidized or under the umbrella of any other agency, individual, organization, denomination or corporation.

Please note Faithful Word Assembly has been operating since 1981 with their Pastor Russell Tardo. In recent years he has received some hate mail from people who think that the Assembly is the same as Steven Anderson's Faithful Word church in Phoenix, Arizona, which was founded in 2005. There has never been any connection between them, which should be obvious from the completely different teachings and attitudes.
